

How to make a complaint or provide feedback

Very Special Kids is committed to providing you with the best possible care and support. However, we understand that occasionally you may be dissatisfied with our services and encourage you to tell us about any issues you might have so that we can improve the way we do things. We also love to hear from you when you have been particularly happy with the service you've received, or when you have any suggestions about how we can do things better.

When and how to make a complaint

We suggest that you make a complaint if you are dissatisfied with any aspect of the care or support you have received from Very Special Kids. It is usually preferable to make the complaint as soon as possible, and if you feel comfortable, to do so with the person concerned in the first instance.

We understand that sometimes it may feel difficult to make a complaint. If this is the case, you may like to ask a friend or relative to act on your behalf.

We treat all complaints seriously and will deal with your complaint respectfully, confidentially and as quickly as possible. Sometimes we may need to take some time to investigate your complaint further, but we will keep you informed of the progress of any investigations.

Please be assured that making a complaint will not have any negative impact on the services you or your family receive from Very Special Kids.
