

Creating Memories

Bereaved parents are invited to attend free sessions run jointly by Very Special Kids and Red Nose, facilitated by coordinator, Gerry Silk. It is a safe and informal space for parents to spend time with others in a similar situation.

Scrapbooking is a unique way to preserve and enhance your valuable keepsakes, whether they are photos or memorabilia. Please bring your special photos and we will provide tools and materials to create your pages.

Creating Memories is held at Very Special Kids, 321 Glenferrie Road, Malvern. All sessions are free and a light lunch is provided for participants. We can provide childminding by one of our volunteers, providing you let us know well in advance.

To ensure we keep families, staff and volunteers safe, we have implemented COVIDSafe protocols to mitigate risk of COVID-19 transmission. As part of this, all families, staff, volunteers and contractors over 16 years old, must be fully vaccinated to come onsite except for those with proof of a formal medical exemption.
